-- BOOn!
[AHE attention of School Committees, Teachers and Pagents is invited to the examination of the "JUVERILE REALIER," a selection of easy Reading Lessons; by a Teacher, a new edition of which revised and corrected, we have just published. It is believed that the book is one which has been very much wanted in our Contidon scheels, sod endeed it was compiled at the request of many of uur best Teachers. The compiler is a gentleman nd known abilities, and long experience in his profession. The pieces in this book, are chiefly selected from popular works designed for youth, and will have a healthy moral influence in those schools in which it is adopted. The book comes at a very-low price and has been adopted in a great many Schools with decided approbation, Plain English and Er & a great many Schools with decided approbation, Rattmetts and Camblets and having been surrenty pedrishee from the danger of having any alternations made in it, which is the greatest trouble with all school books.

Those connected with schools, or interested in any manner, are requested to call and examine it. SMITH & FENNO, 17 West Market Square.
